

We're ready to onboard new Explorers!

Join the adventure

WHO are we?

We are a growing community of people dedicated to collaboration-driven societal change. collaboratio helvetica was initiated in December 2016 by individuals from the Impact Hubs Bern, Geneva & Zurich, foraus, euforia, Coworking Switzerland and Greenbuzz, with the support from Engagement Migros. We are a pioneer project stepping in the spaces in-between sectors and uniting actors to work towards the Sustainable Development Goals (SDGs), which we know can only be achieved when unlikely allies come together. We create spaces for open dialogue, experimentation and collaboration to co-create the Switzerland we want to live in.

WHERE do we stand?

A lot has happened in the past year, and we are ready to onboard people who resonate with this vision and are looking for a community to make their most artful contribution to painting our future. Already 50 people have signed up to become members - or as we like to call it, Explorers - and are ready to embark on this journey. [Here](#) you can find out more and apply to join if you'd like to be a part of it too.

HOW do we work?

We try to walk the talk on collaboration and use elements from [Sociocracy 3.0](#) in both our governance and daily work processes. On our [website](#), you can have a look at our principles as well as at our different projects. We are an entrepreneurial team, where everyone carries responsibility and we work on a eye-to-eye level. We engage our whole being in our work and always hold space for our learning processes, both individual and collective. All of the spaces we open follow the same principles.

WHAT is our community about?

- Growing your network with like-minded people and unlikely allies
- Unlocking new opportunities to collaborate and increase the impact of your work
- Learning collaborative methodologies and all kinds of state of the art social technologies
- Contributing to other Explorers' projects and receiving support for yours
- Challenging yourself in walking the talk on principles and values you hold
- Getting involved in different projects of collaboratio helvetica and beyond with funding obtained via our collaborative finance tools

Don't hesitate to reach out if you have questions, we're looking forward to hearing from you!
